Instruction Manual Model of Root Tip Cat No 1066503

This model is made of high quality PVC, coloured with non-toxic paints. Fixed on a plastic base.

This model of root tip adopts the structure of fern plant, about 300 times life-size. In 2 parts. Shows the structure of root tip both in horizontal section and vertical section, with the root cap removable. Our model of root tip bring a clear view of the growth zone of cells in root cap and root tip, and its characteristics.

The numbers on the model indicate:

1. Root cap
2. Elongation zone
3. Meristematic zone
