

## Data Harvest Data Loggers

1113184  
 \$595.00

### Vision Data logger

- Standalone unit
- Touch screen
- Connect to PC or Projector
- Replaces need for a Computer
- Connect USB Mouse, USB Stick

1113180  
 \$298.00

### 3 Link Data Logger

- 3 Sensor ports
- Easy USB connection to computer
- Works with Government issue student laptops

### Best Value

1113185  
 \$88.00

### 1 Link Data Logger

- 1 Sensor port
- Easy USB connection to computer
- Works with Government issue student laptops
- Great price!

## Embedded Specimens

1080663  
 \$198.00

- Very clear, high quality
- 20 different animals
- Best value in Australia

## AnyView Digital Microscopes

5006001  
 \$98.50

- Plugs in via USB
- Handheld or Clamp
- 2 Mpixel camera
- 10 - 200x zoom L.E.D Lights
- Capture photo button

## USB Mono Microscope

1122015  
 \$375.00

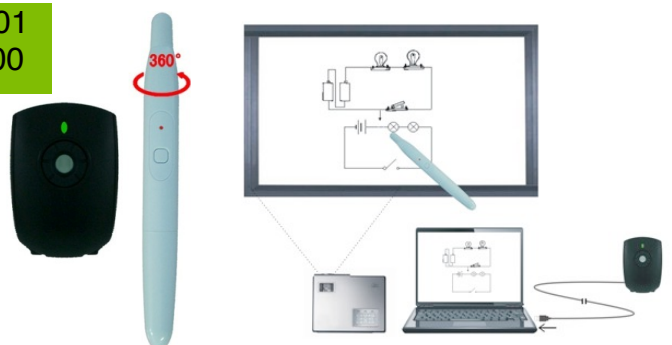

- High quality optics
- Connects via USB
- Works with Government Laptops
- L.E.D illumination
- 360° Swivel eye piece

## Interactive Whiteboard

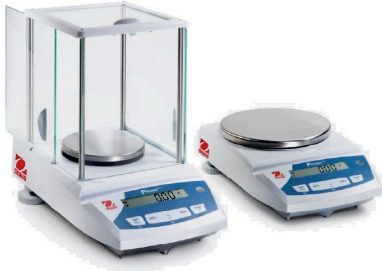

Transform any flat surface into a touch screen instantly!

- Works with any flat white surface, e.g. whiteboard, wall, Projection screen
- Portable design and compact size
- Easy setup, quick self calibration within few seconds
- Compatible with any application software and handwriting rec

4001001  
 \$498.00

## Ohaus Balances

### Pioneer Series

The Ohaus Pioneer range is the newest line of balances, basic to use with the right amount of features

- All models have RS232 connection ports

#### Without Internal Calibration

1004738	65 x 0.0001g	\$1150.0
1004739	65 x 0.0001g	\$1195.0
1004740	100 x 0.0001g	\$1195.0
1004741	110 x 0.0001g	\$1395.0
1004746	410 x 0.001g	\$995.00
1004748	510 x 0.01g	\$998.00
1004750	2100 x 0.01g	\$1195.0
1004752	4100 x 0.01g	\$1095.0
1004754	4100 x 0.01g	\$998.00

#### With Internal Calibration

1004742	210 x 0.1g	\$1195.0
1004743	210 x 0.0001g	\$1595.0
1004747	410 x 0.001g	\$1250.0
1004749	510 x 0.01g	\$1195.0
1004751	2100 x 0.01g	\$1285.0
1004753	4100 x 0.01g	\$1495.0
1004755	4100 x 0.1g	\$1198.0

### CL Series

The Ohaus CL Series is a light weight, portable scale perfectly suited for use in industrial and home use applications

- Stackable design
- over load protector

1004763	5000 x 1g	\$98.00
1004762	2000 x 0.1g	\$72.00
1004761	500 x 0.1g	\$98.00
1004760	200 x 1g	\$72.00

### Scout Pro

The Ohaus Scout Pro features easy to use two button operation, a high contrast LCD display, Multiple weighting units, four application modes and the option of either RS232 or USB connectivity.

- ability to interface directly with data harvest data loggers.

1113245	DH Adaptor	\$135.00
1004730	120 x 0.001g	\$298.00
1004731	200 x 0.01g	\$298.00
1004732	400 x 0.01g	\$349.00
1004733	400 x 0.1g	\$195.00
1004734	600 x 0.1g	\$215.00
1004735	2000 x 0.1g	\$275.00
1004736	4000 x 0.1g	\$335.00
1004737	6000 x 1g	\$236.00

## Electro Flash

Innovative magnetic connection system allows you to build circuits quickly.

No soldering required comes with circuit templates.

1015001  
\$85.00

Includes:

- All parts (resistors, switches..etc),
- Easy to follow Learning Guide with cartoon illustrations
- storage box with separate wells for components

## L.E.D Light Array

1139900  
\$98.00

- Explore the interaction between specific colors of light, to illustrate behavior of wavelengths.

- Demonstrate Diffraction of different wavelengths.

- The LED device comprising 1 white LED and a set of 10 colored

## Ripple Tank

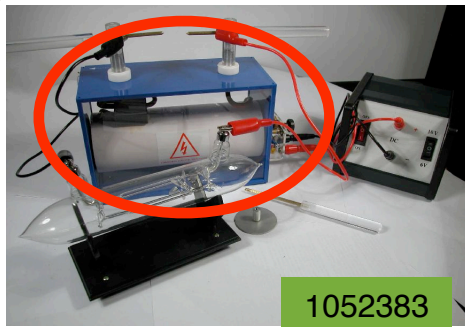

1214007  
\$295.00

Ripple Tank Projection with LED Strobe & Frequency Meter. (adjust & read frequency 30 to 100Hz in 0.1Hz steps).

- Screen size 30x30cm allows a very detailed and clear image.

## Induction Coil

1052383  
\$295.00

- High Power 80MM Spark.
- Used for operating Spectrum Tubes, Crookes Tubes, Discharge Tubes Etc.
- Operates from 6 to 12volts D/C.

## Power Supply

1035411A  
\$80.00

High Quality AC/DC General Laboratory Power Supply

- 0-12V in 2v steps 5.5amps.
- Overload switch is Manual.
- 5.5Amp overload cut-out

## Crookes Tubes

Maltese Cross

1052041  
\$60.00

### Maltese Cross

Shows Cathode Rays will move in a straight Line by Throwing a Shadow of the Cross at End of the Tube.

### Electrostatic Deflection

Shows deflection of electrostatic rays in a electric field.

1052044  
\$60.00

### Magnetic Effect / Deflection

Shows cathode rays deflected by magnetic field.

1052042  
\$60.00

### Paddle Wheel

Shows cathode rays have kinetic energy.

1052043  
\$60.00

## Ken-A-Vision

1115534  
\$675.00

### 7200HD Digital with Carry Case

- Full HD 1080P camera
- Carrying case included
- Discovery Scope Kit included
- Manual focus with Quick Turn Focus
- Factory-installed USB cable
- Microscope eye piece

1115100  
\$998.00

### 7600 Digital, Video, S-Video, Case

If you're looking for the best image when connecting to a microscope, our Video Flex camera offers the perfect solution. Using multiple connectors, it can simultaneously display to a computer, television monitor, and projector.

## Model Torso

1313005  
\$100.00

### Model Torso with Head Mini

- 52 x 18 x 18 cm
- ideal for basic anatomy
- 12 parts

1313024  
\$598.00

### Human Deluxe Male & Female parts

- 87 x 33 x 26 cm
- High quality PVC
- Open Back / Head / Neck
- Detailed information of all parts

## Model Eye

1313007  
\$49.00

### Human Eye

- 3x enlarged
- Can open Eyeball / Cornea / Iris / Lens / Vitreous

## Model Ear

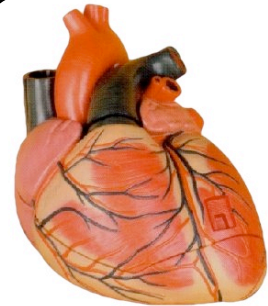

1066009  
\$89.00

### Human Ear

- 3x enlarged
- 3 parts External & Middle
- Removable hammer / Anvil / Stirrup / Labyrinth
- High Quality PVC

## Model Heart

1313011  
\$49.00

### Human Heart

- 25 x 20 x 27
- 3x enlarged
- 3 part dissection
- fine detail of structure

## Senior Microscopes

1122007  
\$269.00

### Monocular Senior

- Mechanical Stage
- 240v Incandescent Light
- PAT Tested
- Objectives 4x 10x 40x 100x

1052650  
\$198.00

### Microscope Senior

- Incandescent light
- Course and fine adjustment
- 4x 10x 40x total 400x magnification

1313010  
\$49.00

### Human Heart 2 Parts

- Features Ventricles / Valves.. Etc
- Anterior wall can be removed to show left and right ventricles
- High Quality PVC

### Monocular Senior

- High Quality
- 4x 10x 40x 100x
- Mechanical Stage
- Fine & Course Adjustment
- Halogen Globe

1052620  
\$385.00

## Junior Microscopes

1115997  
\$69.50

### Monocular Junior

- Built in mirror and LED light
- 1.5v
- Glass optics
- 4x 10x 40x
- Excellent image and resolution

1052630  
\$149.00

### Monocular Junior

- Built in light
- Eye Piece 10x
- 4x 10x 40x
- 240v

## Minerals Economy Kit

1086277  
\$29.00

Excellent introduction to minerals

Students learn to identify 15 common minerals by observing and testing their physical properties

## Rock Set Sedimentary

1086041  
\$39.00

Junior rock set  
3x3cm  
Number-coded  
Comes in compartmented container

## Fossil Set Collection 30 Fossils

1086325  
\$99.00

Comprehensive collection of 30 fossils contains demonstration specimens of animal phyla and plants from the Paleozoic, Mesozoic, and Cenozoic periods.

## Fossil Set Historical Geology Reference

Study types of fossils & fossilization.  
Teacher / class activities.  
Classify by Plant / Animal/ Or in between 45 numbered fossils.

1086055  
\$69.00

## Fossil Set Stratigraphic

1086051  
\$139.00

Stratigraphic Collections from: Paleozoic (15)/Mesozoic (15)/Cenozoic (15) eras. Organized from Cambrian to Tertiary and all major phyla are represented

## Model Fossils & Make Own

1187033  
\$96.00

Ammonite / crinoid / trilobite / bear tooth / shark tooth / dinosaur claw. Make your own comes with moulds /cast material etc with detailed instruction book.

## Eye Witness Kit Triceratops

1187105  
\$39.00

Construct your own Triceratops skeleton.

Paint and glue it on the surface of your choice or glue the enclosed magnets to the back of the pieces and place your dinosaur on your refrigerator.
