Ohaus Balances & Scales

Ohaus Scout® Pro Education Balance: Models and Weighing Units for Every Application.

The MOST popular manufacturer of balances in the world! - Manufactured for 100 years!

For all Grade Levels:

- Elementary
- Middle School
- High School
- Junior College

For all Science Applications:

- Biology
- Chemistry
- Physics
- Physical Science
- Earth Science
- Prep Work
- Density/Specific Gravity
- Field Use

Scout Pro features the most common weighing units required for use in your classroom, lab, or in the field:

- Grams
- Kilograms
- Ounces
- Pounds
- Newtons

Connectivity

An Ohaus first, you can quickly add either an internal RS232 or a USB port with integrated cable to the Scout Pro

Above-Balance/Specific Gravity Kit

No need to suspend samples below the balance! Standard on all Education models up to 4000g

Security Bracket

Each Scout Pro features an integrated security bracket to prevent theft

Round or Square Stainless Steel Platform
Removable for easy cleaning

Easy-to-Clean
Sealed front panel and molded spill ring

Easy to View
High-Contrast LCD quickly displays weight and applications data, as well as an indicator for stability, over/underload conditions, and low battery power

Lockswitch
The Scout Pro can be locked into a specific configuration using the included lockswitch

Flexible Power

Use either the included AC wallpack, or 4 "AA" batteries to power your Scout Pro

Integral Shipping Lock

Quickly accessible under the weighing pan, the shipping lock allows you to lock and go!

Weigh-Below Hook

The integral weigh-below-hook on the bottom of the Scout Pro allows density determination or calculating the specific gravity of samples

Dial-O-Gram Balance:
Two beam with Vernier

Cent-O-Gram offers high precision and remarkable value. The three-point base, self aligning bearings and beam design eliminate the need for level adjustment.

- Notched and tiered beams for ease in reading.
- Positive poise positioning ensures repeatable results
- Magnetic dampening minimizes oscillation and speeds weighing
